Key Achievements

- Delivered 10+ production Flutter applications.
- Published apps on Google Play Store and Apple App Store.
- Integrated 50+ REST APIs and third party SDKs.
- Improved app performance by approximately 20% through optimization.
- Implemented real time tracking, notifications, and payment systems.

Professional Experience

Flutter Developer – Bytesflow Technologies (Jan 2024 – Present)

- Developed and maintained 8+ cross-platform Flutter applications serving 10,000+ users.
- Reduced development time by 30% through reusable widget architecture and state management using GetX and Bloc.
- Integrated 50+ REST APIs, payment gateways (Stripe, Razorpay), Google Maps, and Firebase services.
- Improved application performance by 20% through code optimization and efficient state management.
- Successfully published and maintained applications on both Google Play Store and Apple App Store.

Junior Flutter Developer – Appxperts Enterprise Solution (May 2023 – Dec 2023)

- Built reusable UI components and integrated REST APIs.
- Collaborated with QA, UI/UX, and backend teams in Agile environments.

Projects

Delicart – Multi Service Delivery Platform

Developed a multi service delivery app supporting Food, Grocery, Pharmacy, and Alcohol services and Cab booking, Room Booking with real time tracking and payment integration.

Deliware – Food Delivery Application

- Developed a Flutter-based food delivery application supporting customer ordering, restaurant management, and delivery tracking.
- Integrated Google Maps, geolocation, route optimization, and live order tracking.
- Implemented Firebase Cloud Messaging for real-time order updates.
- Integrated Stripe and Razorpay payment gateways for secure online payments.
- Optimized API handling and state management using GetX.

Delivery Rider Application

Implemented live order tracking, route navigation, ETA calculations, and order workflow management.

Restaurant Admin Application (Android Mobile, Android Tablet, iPhone & iPad)

Developed a Flutter-based Restaurant Admin Application for Android, iOS, Tablets, and iPads, enabling restaurants to manage orders, menus, inventory, and business operations efficiently. Implemented real-time order management, sales analytics, push notifications, and role-based access control using Flutter, GetX, Firebase, and REST APIs.

Noble – Hospital Management Application

Developed appointment booking, diagnostic test scheduling, and family profile management modules.

Matrimony Application (Chennai Matrimony & Tamil varan)

Developed a Flutter-based Matrimony Application for Android and iOS, enabling users to create profiles, search for suitable matches, and connect through advanced partner preference filters. Implemented secure authentication, profile management, premium membership plans, real-time chat, push notifications, and payment gateway integration using Flutter, Firebase, GetX, and REST APIs.

Education

B.E. Electrical and Electronics Engineering

Government College of Engineering, Trichy – 2021 | CGPA: 7.01

Higher Secondary Certificate (HSC)

Walker Higher Secondary School, Tamil Nadu State Board

Percentage: 93.5% | Year: 2017

Secondary School Leaving Certificate (SSLC)

Walker Higher Secondary School, Tamil Nadu State Board

Percentage: 89.8% | Year: 2015
